environment and social

Steps away from the beach and right in front of the Convention Centre, Barcelona Princess is the ideal choice for combining business, relaxation and lifestyle in one of the city's most dynamic areas.

The hotel has recently undergone a complete renovation, bringing a fresh, elegant and contemporary look to all spaces. The transformation enhances the guest experience through modern design, warm materials and a welcoming atmosphere that reflects the spirit of Barcelona.

Spacious rooms with incredible views invite you to relax in style. Guests can enjoy two heated pools, including a rooftop infinity pool with spectacular views, a wellness area, and state-of-the-art facilities designed for both work and rest.

The renewed dining experience includes Dagma Restaurant, where Mediterranean roots blend with creative flair; The Crown Bar on the 23rd floor, offering stunning sunsets and signature cocktails; and Corner019, a chic, casual space in the lobby.

Whether you're here for a meeting, a city break or a longer stay, Barcelona Princess offers everything you need and much more in a setting that's both inspiring and comfortable.
