Mondial Berlin – Your Partner in Eastern Germany

Berlin has it all – attractions and UNESCO World Heritage Sites. There is always something going on. To recharge your batteries, just visit one of the many parks and gardens. For a quiet moment of reflection visit the spreading green cemeteries. Mondial Budapest – Your Partner in Hungary

Located in the very heart of Europe, Budapest has a wealth of culture and history, complemented by a language so completely different from its neighbours, that hardly any shared words exist. A reliable partner

Guaranteeing continuity since 1966

It is easy to make an offer, but to select the right one for your customer is an art.

Last year we booked the perfect room more than 300.000 times and served satisfied customers in Austria, Germany, Hungary, the Czech Republic and Slovakia.

Conveying destination know-how is not our core business, but we see ourselves as your partner within the destination, adjusting your customers' needs and meeting their demands.

We are consultants and managers, decision makers and troubleshooters, we speak your language and provide full service with a constantly expanding network in Central Europe.

Since its founding in 1966, Mondial has grown continuously into one of Austria's leading DMCs and tourism companies. Long-established cooperations require trust and reliability.

These values in turn need consistency and continuity. We hold on to these important core values. Instead of short-term profits, we care about long-lasting, fair partnerships.

Continuously growing network

in Central Europe

Over five decades of continuous development have left its mark and created a network in Central Europe with offices in Vienna, Baden, Budapest, Berlin and Prague. We are very close to the product, we know our suppliers personally, we take care of your guests on site and are able to react very quickly to changes.

What to do in Berlin

Feel the touch of history during a walk along the avenue Unter den Linden; see the numerous museums with their precious works of art; have a good time at a typical Berlin pub (Kneipe) off the main streets tasting beer (Molle), rye brandy and special local rolls (Schusterjungen); relax in the beautiful green surrounding area with its many lakes and forests, go shopping at the Kurfürstendamm or at the Friedrichstrasse. And in the evening enjoy a performance at one of the famous opera houses, a concert or a musical show - discover your heart for Berlin!

Budapest has succeeded in preserving its soul, even though the city has been rapidly modernised in the recent years. The Danube river dominates Budapest's cityscape and contributes to the beauty of Hungary's capital with its unique panorama of impressive buildings along the riverbank. Experience a city full of culture, music and sightseeing and treat yourself with a relaxing day at one of Budapest's numerous thermal baths, 120 in total - another feature of the pearl on the Danube!

What to do in Vienna

Sharing our passion for delicious quality food? Then enjoy an afternoon with your private English speaking local food expert. These tasty tours start with a short walking food tour and grocery shopping at local food markets as well as unique Viennese food producers.
