

THE JULIUS

PRAGUE

BY HOUSE OF JULIUS MEINL

The Julius Prague is an innovative, authentic, and intimate space where you can stay, live, work and be free. The interior design is the work of Milan-based studio Matteo Thun & Partners who were inspired by the Autumnal colour palette of Czech artist Alphonse Mucha's artwork, layering the 168 apartments and residences, as well as the public spaces, with a clean, classic design of natural materials and timeless furnishings.

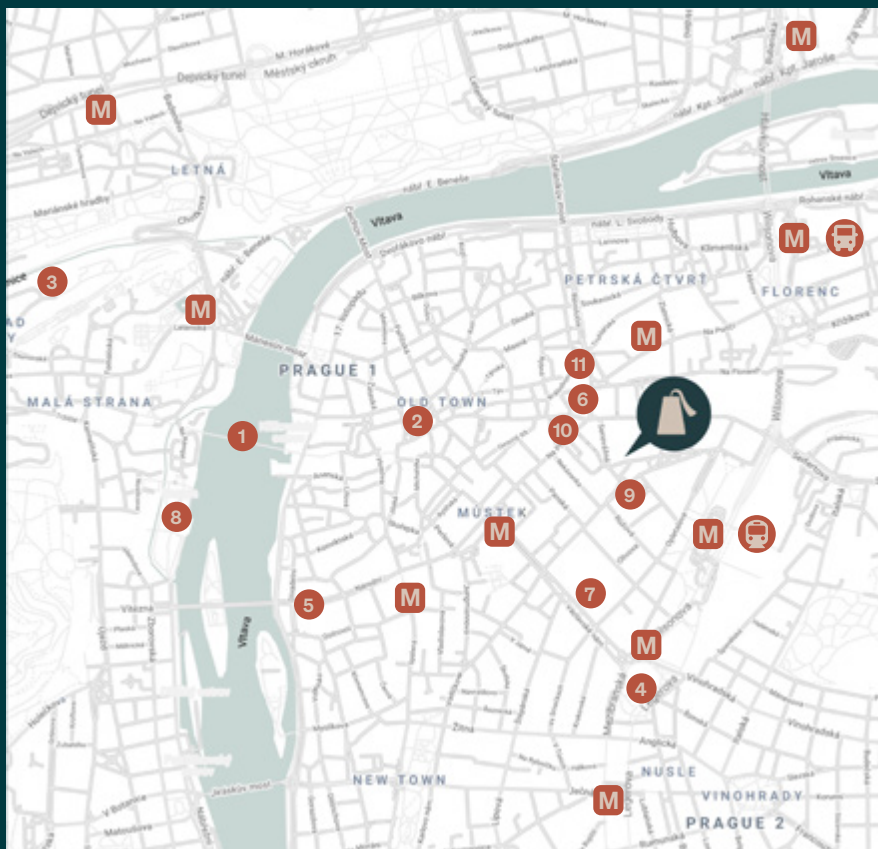

The Julius Prague is located in the capital city of the Czech Republic, which is part of the European Union. Thanks to our location in the heart of central Europe, we are easily accessible, with most arrivals coming by train or plane.

Václav Havel Airport, in fact, has direct flights to and from more than a dozen destinations, and is only a short 30-minute drive away from us. Meanwhile the city's main railway station is less than a ten-minute walk. This means quick access to international connections including Germany (Munich, Nuremberg), Poland (Warsaw, Krakow), Hungary (Budapest) or Austria (Salzburg, Vienna). We are surrounded by a network of motorways too and this, along with our secure underground parking space, means you can comfortably access The Julius Prague by car.

The Julius is more precisely located in a prime spot in the city's Old Town at the crossroads of all public transportation. We are within walking distance of some of the city's most important landmarks, including Wenceslas Square, the Prague National Museum, Old Town Square, the medieval Astronomical Clock, and the 600-year-old pedestrian Charles Bridge. For those in town for business, Downtown Prague is also an easy stroll away.

LOCATION
