The perfect spot for those who crave some tranquil, laidback leisure within the hustle and bustle of the city, guests will find an outdoor oasis where shades of blue and white blend seamlessly into sprawling views of the city skyline.

Boasting trees and lavish greenery throughout the space, this hidden haven in the sky features a pool heated to soak at the perfect temperature and luxurious poolside loungers to relax and sunbathe.

Our open-air bar features an indulgent menu inspired by Mediterranean flavors, phenomenal service at the bar, courtesy of our talented mixologists, and ethereal beats.

An idyllic spot for enjoying languid, sun-kissed days with top-notch food and drink service.

POWER UP

Located on the rooftop of the Hotel, our Gym features spectacular skyline views.

An energetic ambiance and state-of-the-art gym facilities, courtesy of Technogym®, are available with a range of training equipment.

This includes treadmills, stationary bikes, elliptical cross-trainers, as well as free weights, perfect for resistance training.

Each piece of equipment allows for single or group training, specifically designed to provide the best experience. The outdoor infinity pool is next door to unwind after an invigorating workout.

RESTAURANT & BAR

ICONIC FLAVORS

Accessed via the lobby, visitors can linger over heady aperitif at the start of the meal while nibbling on hand-picked bar snacks or head in to our informal but intimist ambience where they can select from an unexpected and impressive selection of local delicacies to delight from.

Surrounded by the greenery of Lapa Park, the time of day determines the mood of the space, either awash with natural daylight, bathed by a spectacular sunset or intimately light at night, creating a comfortable and welcoming atmosphere.

The Cocktail Bar promises to offer an unconventional experience with an energetic tone. Proposing incredible cocktails with creativity, unlikely and unforgettable combinations.

While the interiors are flooded with greenery, behind its Art-Deco bar, for an al fresco experience, facing Lapa Park, there is a terrace with stunning views over the garden. Not an experience to be missed.
